SALT PRODUCTS CATALOGUE

Raw Salt

Natural solar evaporated unrefined sea salt crystals harvested directly from Gujarat salt pans. Ideal for industrial and chemical use.

Specifications: *Purity: 96% - 98% NaCl | Natural White Crystals | Bulk Vessel & 50kg HDPE Bags*

Refined Salt / Table Salt

High-purity washed and processed food-grade salt, perfectly granulated for household culinary uses, seasoning, and demanding food and chemical processing industries.

Specifications: *Refined | Culinary & Table | Food & Industrial*

Refined Iodised Free Flow Salt

Premium edible salt, fortified with potassium iodate. Triple-refined and processed for excellent free-flowing properties and even distribution.

Specifications: *Purity: 99.5% NaCl | Iodised (30 PPM) | Free Flow & Edible Grade*

Crystal Salt / Crystal Iodised Salt

Coarse white natural salt crystals, sun-dried to lock in essential trace minerals. Available in both unfortified natural crystals and iodine-fortified crystal grades.

Specifications: *Natural Crystals | Iodised Option | Coarse Salt*

Industrial Salt

High-purity industrial grade sodium chloride specifically graded for chlor-alkali, textile dyeing, and chemical plants.

Specifications: *Purity: 98.5% - 99.2% NaCl | Low Calcium & Magnesium | Custom grain sizing available*

Salt Tablet (Water Softener)

High-density compressed salt tablets, specifically formulated for domestic and commercial water softening and regeneration units.

Specifications: *Purity: 99.5% NaCl | Compressed Tablets | Water Treatment Systems*
